Brian:

We are still working on the access agreements but don't have any signed, in-hand yet.

Thank you,

Bob

I talked with the representative of the current site owner and he is going to forward the access agreement to his management next week for signature. I will be in the office Mon am and out through next Wed next week. Have you had success in obtaining the other access agreements?

Thanks

Brian:

We had initial discussions with Barry pertaining to the use of his boat for the Falcon sampling. Due to the conditions and considerable traffic in the Intracoastal Waterway, we believe it is safer to employ a larger vessel for our work. We are communicating this back to Barry.

Thank you,  
Bob Owens

Bob:

Here's the E-mail from Rafael regarding the coordination of the USFWS boat for July.

Please give me a call or send me an E-mail with any questions or comments.

Thanks,

I think we have a schedule worked out for the USFWS boat, out of Corpus. It will be at Donna Canal the week of July 15<sup>th</sup> and then available to Falcon Refinery the following week (July 22<sup>nd</sup>).
